# 2. HAZARDS IDENTIFICATION

### **Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Serious eye damage/eye irritation

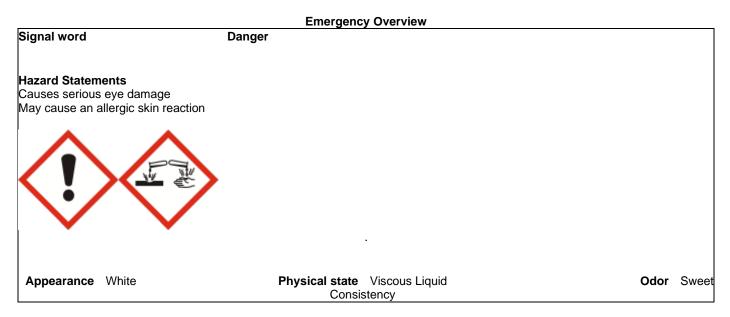

Category 1

#### Skin sensitization

Category 1

### GHS Label elements, including precautionary statements

### **Precautionary Statements - Prevention**

Wear protective gloves/protective clothing/eye protection/face protection Avoid breathing dust/fume/gas/mist/vapors/spray Contaminated work clothing should not be allowed out of the workplace

#### **Precautionary Statements - Response**

Specific treatment (see supplemental first aid instructions on this label)

#### Eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a POISON CENTER or doctor/physician

#### Skin

IF ON SKIN: Wash with plenty of soap and water If skin irritation or rash occurs: Get medical advice/attention Wash contaminated clothing before reuse

### **Precautionary Statements - Storage**

None

**Precautionary Statements - Disposal** Dispose of contents/container to an approved waste disposal plant

### Hazards not otherwise classified (HNOC)

Not applicable

Unknown Toxicity 5.6% of the mixture consists of ingredient(s) of unknown toxicity

### Other information

### Causes mild skin irritation Repeated or prolonged skin contact may cause allergic reactions with susceptible persons

### Interactions with Other Chemicals

Irritants. Sensitizers. Epoxies.

# **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical Name                             | CAS No     | Weight-% | Trade Secret |
|---|------------|----------|--------------|
| Petroleum distillates, hydrotreated light | 64742-47-8 | 20 - 40  | *            |
| Alcohols, C10-16, ethoxylated             | 68002-97-1 | 3 - 7    | *            |
| Triethanolamine                           | 102-71-6   | 1 - 5    | *            |
| Glycerin                                  | 56-81-5    | 1 - 5    | *            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

### 4. FIRST AID MEASURES

### First aid measures

| General Advice  | Immediate medical attention is required. Show this safety data sheet to the doctor in attendance.   |  |
|---|---|--|
| Eye contact   | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Do not rub affected area. Seek immediate medical attention/advice. |  |
| Skin contact  | Wash off immediately with soap and plenty of water for at least 15 minutes. May cause an allergic skin reaction. In the case of skin irritation or allergic reactions see a physician.        |  |
| Inhalation  | Remove to fresh air. Get medical attention immediately if symptoms occur.   |  |
| Ingestion   | Rinse mouth immediately and drink plenty of water. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Call a physician.   |  |
| Self-protection of the first aider                          | Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Wear personal protective clothing (see section 8).  |  |
| Most important symptoms and effects, both acute and delayed |   |  |
| Most Important Symptoms and                                 | Burning sensation. Itching. Rashes. Hives.  |  |

### Indication of any immediate medical attention and special treatment needed

Notes to Physician May cause sensitization of susceptible persons. Treat symptomatically.

Effects

# **5. FIRE-FIGHTING MEASURES**

### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Unsuitable extinguishing media

CAUTION: Use of water spray when fighting fire may be inefficient.

### Specific hazards arising from the chemical

Thermal decomposition can lead to release of irritating gases and vapors. In the event of fire and/or explosion do not breathe fumes. May cause sensitization by inhalation and skin contact. Product is or contains a sensitizer. May cause sensitization by skin contact.

Uniform Fire Code Irritant: Liquid

Hazardous Combustion Products

Carbon oxides.

### Explosion Data

Sensitivity to Mechanical Impact No.

Sensitivity to Static Discharge No.

### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions   | Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Ensure adequate ventilation. |
|--|--|
| Other Information  | Refer to protective measures listed in Sections 7 and 8.   |
| Environmental precautions                                      |  |
| Environmental precautions<br>Methods and material for containm | Refer to protective measures listed in Sections 7 and 8. Prevent further leakage or spillage if safe to do so.         |
| mothodo and material for containin                             |  |
| Methods for containment  | Prevent further leakage or spillage if safe to do so.  |
| Methods for cleaning up  | Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.                            |

# 7. HANDLING AND STORAGE

### Precautions for safe handling

| Handling                             | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. |
|--------------------------------------|---|
| Conditions for safe storage, includi | ng any incompatibilities  |
| Storage                              | Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep out of the reach of children. Protect from moisture. Store away from other materials.  |
| Incompatible Products                | Strong oxidizing agents. Strong acids. Strong bases.  |

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### **Control parameters**

### **Exposure Guidelines**

| Chemical Name                             | ACGIH TLV                      | OSHA PEL                                  | NIOSH IDLH |
|---|--------------------------------|---|------------|
| Petroleum distillates, hydrotreated light | TWA: 5 mg/m <sup>3</sup>       | TWA: 5 mg/m <sup>3</sup>                  |            |

| 56-81-5                                   |                                | particulate                               |            |
|   |                                | TWA: 5 mg/m <sup>3</sup> mist, respirable |            |
|   |                                | fraction                                  |            |
|   |                                | (vacated) TWA: 10 mg/m <sup>3</sup> mist, |            |
|   |                                | total particulate                         |            |
|   |                                | (vacated) TWA: 5 mg/m <sup>3</sup> mist,  |            |
|   |                                | respirable fraction                       |            |

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits NIOSH IDLH Immediately Dangerous to Life or Health

Other Exposure Guidelines Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992) See section 15 for national exposure control parameters

### Appropriate engineering controls

Engineering Measures Showers Eyewash stations Ventilation systems

### Individual protection measures, such as personal protective equipment

| Eye/face protection      | Tight sealing safety goggles.   |
|--------------------------|---|
| Skin and body protection | Wear protective gloves and protective clothing.                                       |
| Respiratory protection   | No protective equipment is needed under normal use conditions. If exposure limits are |

exceeded or irritation is experienced, ventilation and evacuation may be required.

#### **Hygiene Measures**

Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product.

### 9. PHYSICAL AND CHEMICAL PROPERTIES

# **10. STABILITY AND REACTIVITY**

### **Reactivity**

No data available.

<u>Chemical stability</u> Stable under recommended storage conditions. <u>Possibility of Hazardous Reactions</u> None under normal processing. <u>Hazardous Polymerization</u> Hazardous polymerization does not occur.

Conditions to avoid None known based on information supplied. Incompatible materials Strong oxidizing agents. Strong acids. Strong bases. Hazardous Decomposition Products Carbon oxides.

# **11. TOXICOLOGICAL INFORMATION**

### Information on likely routes of exposure

| Product Information |   |
|---------------------|---|
| Inhalation          | Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.  |
| Eye contact         | Specific test data for the substance or mixture is not available. Causes serious eye damage. (based on components). Severely irritating to eyes. May cause irreversible damage to eyes.               |
| Skin contact        | Specific test data for the substance or mixture is not available. May cause irritation.<br>Prolonged contact may cause redness and irritation. Repeated exposure may cause skin dryness or cracking.  |
| Ingestion           | Specific test data for the substance or mixture is not available. Ingestion may cause irritation to mucous membranes. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea. |

### **Component Information**

| Chemical Name  | Oral LD50          | Dermal LD50           | Inhalation LC50     |

### Information on toxicological effects

Symptoms

Erythema (skin redness). May cause blindness. Burning. Itching. Rashes. Hives.

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

| Sensitization     | May cause sensitization of susceptible persons. May cause sensitization by skin contact. |
|-------------------|--|
| Mutagenic Effects | No information available.  |
| Carcinogenicity   | The table below indicates whether each agency has listed any ingredient as a carcinogen. |

| Chemical Name   | ACGIH | IARC    | NTP | OSHA |
|-----------------|-------|---------|-----|------|
| Triethanolamine |       | Group 3 |     |      |
| 102-71-6        |       | -       |     |      |

IARC (International Agency for Research on Cancer)

Group 3 - Not Classifiable as to Carcinogenicity in Humans

| Reproductive toxicity    | No information available.                      |
|--------------------------|--|
| STOT - single exposure   | No information available.                      |
| STOT - repeated exposure | No information available.                      |
| Chronic Toxicity         | No known effect based on information supplied. |
| Target Organ Effects     | Eyes. Skin. Respiratory system.                |
| Aspiration Hazard        | No information available.                      |

# Numerical measures of toxicity Product Information

### The following values are calculated based on chapter 3.1 of the GHS document

ATEmix (oral) 8,375.00 mg/kg

# **12. ECOLOGICAL INFORMATION**

### **Ecotoxicity**

The environmental impact of this product has not been fully investigated.

No information available.

# 13. DISPOSAL CONSIDERATIONS

### Waste treatment methods

| Disposal methods       | This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements. |
|------------------------|---|
| Contaminated Packaging | Dispose of contents/containers in accordance with local regulations.  |

California Hazardous Waste Codes 561
